Where does Sylenth1 come from? Sylenth1 is a software synthesizer based on the hardware synth designed by Dave Smith. Q: Cannot run Scala script after upgrading from 2.10 to 2.12 Scala 2.10 works fine. But after upgrading from 2.10 to 2.12, I cannot run scala script in terminal. It looks like this: root@sws-server-01:~# scala No Scala support for your current platform. If you want to use Scala, either upgrade your platform (see above) or install a JDK. root@sws-server-01:~# How can I fix it? Thanks A: Downloaded Scala 2.12.0 and there was a problem with libimf library. sudo apt-get install libimf0c That's all. Although the role of the specialist palliative care workforce is well documented, there is a lack of understanding of how the specialist palliative care workforce is distributed throughout the country. This was acknowledged by participants in a Delphi consensus study about the workforce. The study highlighted the lack of uniformity in the specialist palliative care workforce across the country. A key finding of the study was that there is not a clearly identifiable workforce in every region of Australia. This
